Compositor

Experience

Crafty Apes VFX - New York, NY

Compositor - May 2022 - September 2023

- Worked on several film and TV show projects such as *Creed III*, *Alaska Daily* and *Your Place or Mine*. Ensure every scene is timed correctly to fit the big screen, visual elements are properly in place, all edits are within the client's budget
- Tasked with roto work and tracking to create a compelling composition for various shots
- Used and manipulated different keys to extract an element from a green or blue screen to ensure a clean and functional alpha
- Performed beauty work for several shots to enhance the actor's appearance. Including edge cleanups and element tracking
- Maintained accurate production documentation in ShotGrid, tracking up to 15 shot assignments, approvals, and revision requests across teams and clients
- Navigated through several softwares such as Nuke, Mocha and Adobe products for increased skill flexibility and ensure a smooth workflow throughout the pipeline

Apple Inc - New York, NY

Product Specialist (seasonal) - August 2024 - January 2025

- Delivered personalized support to 40–60 customers daily, providing product education, purchase guidance, and onboarding for Apple devices while maintaining 95%+ satisfaction feedback
- Facilitated 1:1 learning sessions, helping customers transfer data, configure security settings, and optimize device functionality—resulting in fewer repeat support visits
- Applied step-by-step diagnostic methods and leverage internal resources to identify root causes. Collaborated with senior technicians to resolve more advanced cases

Walt Disney World Resort, Orlando FL

Magic Kingdom Party Host (internship) - July 2021 - March 2022

- Reconfigured a restaurant within the Magic Kingdom park layout to transition from regular daytime operations to a nighttime setup for a nightly fireworks event, ensuring smooth logistics and flow of up to 200 guests within a 4 hour period
- Tracked inventory and supply levels across multiple stations, helping reduce shortages and maintain 100% service readiness throughout events, helping reduce setup time by 10–15% while maintaining Disney safety and service standards
- Verified guest reservations nightly, resolving check-in discrepancies and seating adjustments to keep event timelines on track
